

**TABLES ALREADY SELECTED**

- |   |   |
|---|---|
| 1: BASF/Chemetall                           | 49: Powder Coated Tough                           |
| 2: Digilube Systems                         | 50: Fischer Technology Inc.                       |
| 5: KCC Corporation                          | 51: Therma-Tron-X, Inc.                           |
| 6: IPCO                                     | 52: BYK-Gardner USA                               |
| 7: Frank Lowe                               | 53: RollSeal, Inc.                                |
| 8: Powder Coating Center RADAR              | 54: Magic Rack/Production Plus                    |
| 9: Arkema Coating Resins                    | 55: Dinamec Systems, LLC                          |
| 10: Titan-Catalytic                         | 56: George Koch Sons, LLC                         |
| 11: Quality Finishing Systems               | 57: Memphis s.p.a.                                |
| 12: Selas Heat Technology                   | 58: Fostoria Process Equipment, Div. of TPI Corp. |
| 14: FAMIS, Inc.                             | 59: Micro Powders, Inc.                           |
| 15: Hedson Technologies North America       | 60: Richards-Wilcox, Inc.                         |
| 16: Sun Polymers International Inc.         | 61: TQC-USA, Inc.                                 |
| 17: General Fabrications Corporation        | 62: CFCM Magazine                                 |
| 18: Wagner Industrial Solutions             | 63: Carlisle Fluid Technologies                   |
| 19: Global Finishing Solutions              | 64: Trimac Industrial Systems, LLC                |
| 20: IFS Coatings                            | 65: Calvary Industries, Inc.                      |
| 21: Link Color NA Inc.                      | 66: AZZ Surface Technologies                      |
| 22: Sames Kremlin                           | 67: Heraeus Noblelight America LLC                |
| 23: Caplugs/Shercon                         | 68: Sapience Automation                           |
| 24: DuBois Chemicals                        | 69: Southern Fluid Systems                        |
| 25: Elcometer, Inc.                         | 70: PhotoFusion Technologies, Inc.                |
| 26: ACT Test Panels, LLC                    | 71: Omnirobotic                                   |
| 27: TCI Powder Coatings                     | 72: Hi-Tech Flexible Products                     |
| 28: PPG Industries                          | 73: Yaskawa                                       |
| 29: Pneu-Mech Systems Mfg.                  | 74: The Electrocoat Association                   |
| 30: BCI Surface Technologies                | 75: Chemical Coaters Association International    |
| 31,34: Nordson Corporation                  | 76: Patriot Powder Coatings                       |
| 32: Products Finishing (Gardner)            | 77: Air Power, Inc.                               |
| 33: Keyland Polymer UV Powder, LLC          | 78: Georgia-Pacific Chemicals                     |
| 35: Midwest Finishing Systems, Inc.         |   |
| 36: Pretreatment Equipment Mfg., Inc. (PEM) |   |
| 37: Axalta Coating Systems                  |   |
| 38: Henkel Corporation                      |   |
| 39,42: Parker Ionics                        |   |
| 40: IntelliFinishing                        |   |
| 41: AkzoNobel Powder Coatings               |   |
| 43: Sherwin-Williams Company                |   |
| 44: Gema USA Inc.                           |   |
| 45: EPSI Masking Solutions                  |   |
| 46,47: DeFelsko Corporation                 |   |
| 48: The Powder Coating Institute            |   |
